RS 30S - Compensating Counter Stacker

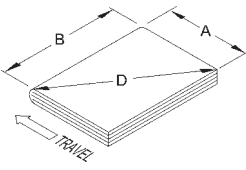

RIMA  **SYSTEM**

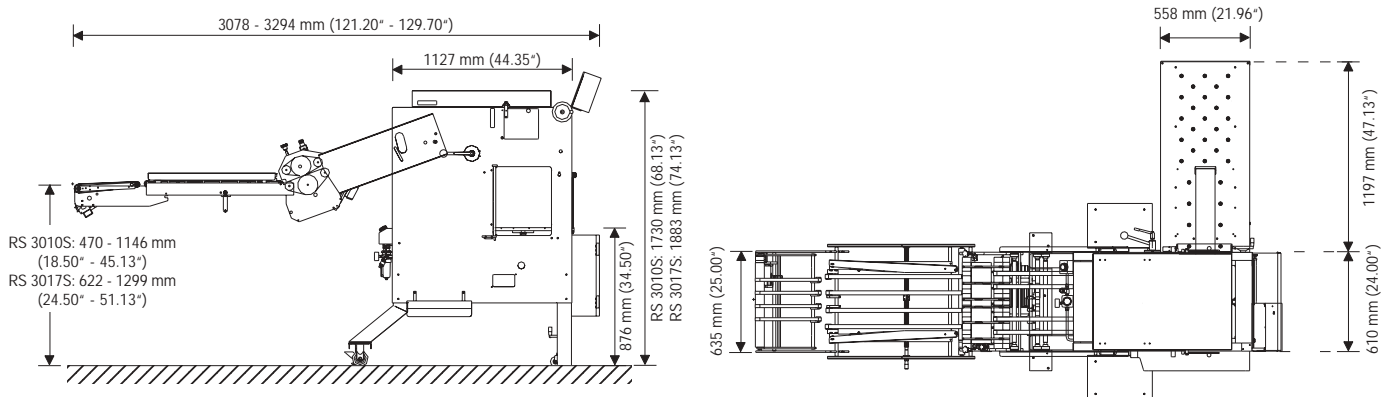

Requirements & Solutions

The RS 30S is a high-end stacker especially suited for 16-48 page production from modern web presses. Proven design, superior reliability, easy operation, and low maintenance costs make the RS 30S a safe investment. The RS 30S is equipped with divert gate for automatic copy ejection, stream aligner, squeeze roller, mechanical counter, gapper, upper bin unit with patented flipper fingers and turntable with integrated stack compression. With options the RS 30S matches nearly all production requirements.
